

The UP! 3D Plus Personal Printer

The UP! 3D Plus Printer is quiet and clean and, with a small footprint, will not clutter your workspace.

Desktop friendly

The UP! 3D Plus Printer is a compact, desktop 3D printer at an affordable price.

Supplied with its own user friendly software and one reel of ABS material, it has everything you need to convert your 3D designs into durable working models.

The UP! 3D printer is compact enough to be stored in a cupboard when not in use. The UP! uses .stl files and has a build size of 140 x 140 x 135mm.

Comes as standard with

- UP! 3D Printing Software
- 1x 700g spool of white ABS material
- 3 x perf board
- Tool kit & manual
- 12 month warranty
